

MCV Modular Check Valve

The valve can come true single flow of fluid. For reverse, it's closed of without leaking.

Max. Pressure 21MPa
 Max. Flow :
 Size 02 up to 35L/min
 Size 03 up to 70L/min

Ordering details

MCV	-02	-A	-05
Sort	Size	Port number	Cracking pressure
MCV: Modular check valves	02	A: A port P: P port	05: 0.035MPa
	03	B: B port T: T port	50: 0.35MPa

Symbols

Type	MCV-※-A	MCV-※-B	MCV-※-P	MCV-※-T

Technical data

Type	Max. pressure MPa	Pressure adj. range MPa	Max. flow L/min	Weight Kg
MCV-02	21	See ordering details	35	1.1
MCV-03			70	2.5

Characteristic Curves : Pressure drop

(measured at $v=35\text{mm}^2/\text{s}$ and $t=50^\circ\text{C}$)

Characteristic Curves : Pressure drop for free flow

(measured at $v=35\text{mm}^2/\text{s}$ and $t=50^\circ\text{C}$)
